The two Berlin-based labels combine forces to create a supreme independent Hip Hop release. A mere dozen of artists, utilizing two different languages, to simply provide you one thing: Good music. While Spoken View holds a good share of top notch German Rap artists, Project: Mooncircle delivers the wide diversity of its intercontinental network of musicians. The likes of Netherland's newcomer Joe Kickass, British dynamic duo Obba Supa, German avant-garde lyricists Sichtbeton, UK-Rap legend Lewis Parker, rhyme-roughnecks Morlockk Dilemma and Hiob, go-to-guy Damion Davis, John Robinson from former Fondl'em fame - all unite in the strong believe in the culture of Hip Hop. Following the labels' ideals, you'll get a cinematic artwork on top of that, collectively composed by Gordon, V.Raeter and The Binh.
