#### PRESS

*Numaads* sounds different, looks different and thinks different.

*Esperanzah* is like a siren calling the listeners to her as she floats on the ocean of sound, created by her long time friend and musical partner *SENSE (of The Q4 and Shahmen)*. Her smooth earthy rap voice and angelic singing are carried beautifully by the strong drums and atmospheric vibes, and speaks to us of realignment with nature, with our roots and with ourselves.

*SENSE* skilfully combines original use of sampling, interweaved with organic instrumentation, to sculpt a sound that carries an almost mystical atmosphere. He is a craftsman who has been perfecting his art for many years and is now coming forth in to the light.

The record features four original songs and two remixes of the title song *Now*, by renowned producers **Robot Koch** and **J Rawls**.

*"Tricks and schemes will all be gone, talked about the coming for so long. I am sure that evil's time is done. Do you know where I'm coming from?"*
